Mental Disorders Mini -DBQ Disability Benefit Questionnaire

Please specify the condition(s) you are diagnosed with:

Please answer the following questions in paragraph form. A one sentence answer does not help with your rating and will delay the process. The more information we have the better! Include information about the situations in painting a picture of how it affected you during and after your active duty military service.

Relevant Social/Marital/Family History

Please explain in detail how does your disability affect your social/marital and family condition NOW: (Example: I am currently married and have a rocky relationship because my anxiety/PTSD makes it hard for me to socialize in everyday settings. I'd rather stay at home than go out to public areas where I feel like I have no control)

Relevant Occupational and Educational History

Please explain in detail how your disability affectS your occupation and educational condition NOW: (Example: I have increased missed work due to stress and anxiety before going into work. I have a decrease in work quality/productivity because it is hard to focus on the different areas where there are deadlines. I have current tension with coworkers/supervisors and it has led me to be fired. I have gone from job to job in the past couple of years and currently I am not working.)

Mental Disorders Mini -DBQ Disability Benefit Questionnaire

Please answer the following questions regarding your mental health history:

a) Are you currently undergoing counselling? If yes, indicate frequency.

b) Are you currently taking any medications? If yes, list all medication(s).

c) Do you think that your counselling/medications are improving your condition? Explain.

Relevant Legal and Behavioral History

(Example: None reported OR DUI 6 months ago etc.) Within the past year:

Relevant Substance Abuse History

Do you drink/smoke/drug use? If so, indicate frequency: ☐ Yes ☐ No

Do you feel competent to manage your financial affairs? ☐ Yes ☐ No

Which of the following BEST describes your level of occupational and social impairment with regards to your mental disability?

☐ No mental disorder diagnosis ☐ Symptoms controlled by medication

☐ Symptoms are not severe enough to interfere with occupational and social functions

☐ Reduced reliability and productivity ☐ Occasional decrease in work efficiency

☐ Deficiencies in most areas such as work, school, family relations, etc.

☐ Total occupational and social impairment
