PTSD Disability Mini -DBQ Disability Benefits Questionnaire

Please answer the following questions in paragraph form. *A one sentence answer does not help with your rating and will delay the process.* **The more information we have the better! Include information about the situations in painting a picture of how it affected you during AND after your active duty military service.**

Relevant Social/Marital/Family History

Please explain in detail how does your disability affect your social/marital and family condition NOW:
(Example: I am currently married and have a rocky relationship because my anxiety/PTSD makes it hard for me to socialize in everyday settings. I'd rather stay at home than go out to public areas where I feel like I have no control)

Relevant Occupational and Educational History

Please explain in detail how does your disability affect your occupation and educational condition NOW:
(Example: I have increased missed work due to stress and anxiety before going into work. I have a decrease in work quality/productivity because it is hard to focus on the different areas where there are deadlines. I have current tension with coworkers/supervisors and it has led me to be fired. I have gone from job to job in the past couple of years and currently I am not working.)
