RESPIRATORY Mini -DBQ (Disability Benefits Questionnaire)

Please answer the following questions regarding the current severity of your service-connected (s/c) respiratory disability (such as asthma, bronchitis, reactive airway disease):

Please select your diagnosed condition(s):

☐ Asthma ☐ Emphysema ☐ Chronic Obs. Pulmonary Disease (COPD)

☐ Chronic Bronchitis ☐ Constrictive Bronchiolitis ☐ Sarcoidosis

☐ Neoplasm/Metastases of Respiratory System If checked, specify:

☐ Pulmonary Vascular Disease If checked, specify

☐ Restrictive Lung Disease If checked. specify:

☐ Interstitial Lung Disease *If checked, specify:*

Please answer the following questions related to your disease:

a) When did you first experience the symptoms of your condition (e.g. during service etc.)?

b) How long have you had this condition?

c) What makes your condition worse (dust, pollution etc.)?

Please mark the medication(s) used for your respiratory disability: CURRENT MEDICATION REGIMEN:

Check off which best describes your use of medications

☐ Intermittent inhalational or oral bronchodilator therapy (taken as needed)

☐ Daily inhalational or oral bronchodilator therapy, or; inhalational anti-inflammatory medication

☐ Requires the use of steroids or immunosuppressive medications (systemic (oral or parenteral) corticosteroids) taken by mouth or by injection 3 or more times a year

Please list all the medication(s) you are currently using and also mention their frequency (i.e. intermittent or daily):

RESPIRATORY Mini -DBQ (Disability Benefits Questionnaire)

Part A – Asthma
(*Please skip this section if you do not have this condition*)

Have you had any asthma attacks with episodes of respiratory failure in the past 12 months? ***If yes, indicate average number of attacks with episodes of respiratory failure PER WEEK in last 12 months:***

Did you have any exacerbations (worsening of condition) in the past 12 months? ☐ **Yes** ☐ **No**

If yes, describe frequency and severity of exacerbations:

Also indicate frequency of physician visits for required care of exacerbations over past 12 months:

☐ **Less frequently than monthly** ☐ **Monthly**

Part B – Bronchiectasis
(*Please skip this section if you do not have this condition)*

Check all of the symptoms that apply to your condition:

☐ **Productive Cough (containing mucus/phlegm)** *If checked, please specify frequency*

- ☐ Intermittent
- ☐ Daily with purulent sputum at times
- ☐ Daily with blood-tinged sputum at times
- ☐ Near constant with purulent sputum
- ☐ Other, describe:

☐ **Acute Infection** *(If checked, indicate number of infections requiring a prolonged course of antibiotics (lasting 4 to 6 weeks) in the past 12 months):*

☐ 0 ☐ 1 ☐ 2 ☐ 3 ☐ 4 or more

☐ **Requiring antibiotic usage almost continuously**

RESPIRATORY Mini -DBQ (Disability Benefits Questionnaire)

☐ **Anorexia (lack or loss of appetite for food) If checked, describe in your words :**

☐ **Weight loss** *(If checked, please provide estimated weight loss)*

☐ **Frank Hemoptysis (Blood in coughing)** *If checked, describe please*

☐ **Any other symptom or effects that you suffer from:**

Have you had any episodes of acute infection due to bronchiectasis? ☐ Yes ☐ No
If yes, indicate total duration of episodes of infection in past 12 months:

☐ 0 to no more than 2 weeks ☐ 2 to more than 4 weeks
☐ 4 to no more than 6 week ☐ At least 6 weeks or more

Briefly explain how does this condition affect your ability to work *(If you are currently employed)***.**

PULMONARY FUNCTION TESTS (PFTs)

Ratings for the respiratory system are based on how well the lungs take in air, absorb oxygen into the blood, and then exhale the left-over gases. Pulmonary function tests (PFTs) are performed to record the proper functioning of the lungs and their effects on the entire body.
Please provide any treatment records (within the past year or so) which show your PFT results pertaining to your service-connected respiratory condition to include with this assessment.
